DRESS CODE

There's a method to the madness of our dress code. Besides requirements for appropriate attire, the dance studio dress code is designed to help students perform better and see themselves as a cohesive unit. It also helps teachers to see & make corrections during class. We will be taking this code very seriously this year so please be sure that your student complies. If the dress code is not followed, students will be asked to sit & observe class. No make-up lessons or refunds will be given for those situations.
